HIGH AND LOW . . .

It isn't the kind of job you've got but the way you *do* that job that earns your country's gratitude and your enemy's respect. And talking of respect, you will find among these men who do a job with their whole hearts—whether their work is wildly exciting or deadly dull—a personal self-respect that manifests itself in many ways. For example, most of them use the Gillette way of shaving. They find it rapid and efficient. Yet for all that efficiency it is quite the most economical shave there is. All ranks can afford it (and even an Air Vice-Marshal cannot get a better one by spending more).

ALL MEN OF SELF-RESPECT USE GILLETTE

The HENDERSON COMPLETE SYSTEM

FOR OIL AND PETROL FIRE PROTECTION

DESIGNED AND PERFECTED TO MINIMISE THE RISK OF FIRE

THE HENDERSON SYSTEM of protecting life against the risk of petrol and oil fires embodies the use of the self-sealing HENCORITE as a continuous core between metal layers.

For these purposes, HENCORITE is different from any other known substance in that it has the mechanical property of closing over the entry and exit holes made by bullets so that, even after a period of months, a tank remains as full as it was originally, and pipes remain totally sealed and leakproof. In all other known substances, reliance

is placed upon the disintegrating effect of the leaking petrol. In the case of oil, of course, such disintegration is too slow to be effective, and these substances are therefore useless for sealing oil leakages. HENCORITE is insoluble in both oil and petrol, and for this reason the system is applicable to both fluids.

Hence the claim that HENDERSON SAFETY PETROL and OIL TANKS and PIPE LINES constitute the finest Safety System in the World. The tank is fitted as standard equipment on the Miles Master, the World's fastest trainer machine.

Photograph of a crash tested HENDERSON SAFETY TANK. These tests were successfully carried out by the British Air Ministry.

The walls of the HENDERSON SAFETY TANK are built up of three layers—Metal, self-sealing HENCORITE, Metal—to a thickness of $\frac{3}{16}$ ". They are sufficiently flexible to expand or contract under crash strain, yet each unit is leak-proof. The interior baffles collapse on impact in order to distribute pressure evenly.

MULTICORE

THE FINEST *Solder* IN THE WORLD
WITH ERSIN FLUX

● Multicore Solder has three independent cores of Ersin Flux. This Flux is non-corrosive and is as supplied to the Air Ministry for use in electrical and radio apparatus of the highest quality. Used in place of ordinary rosin-cored solder, Multicore Solder increases speed and ease of production, avoids 'high resistance' joints and ensures absolute efficiency of soldering processes, with consequent economies. Prompt delivery can be made in any alloy of tin and lead. 10-22 S.W.G.

TECHNICAL REPORT of
" WIRELESS TRADER " LABORATORY TEST

" . . . with a good quality rosin-cored solder it was not possible to make a joint on nickel, but with Ersin-cored solder the joint was made immediately and perfectly. Similar results were obtained when soldering to a cadmium-plated chassis."

Progressive manufacturers now use Ersin Multicore Solder instead of the single-cored rosin solder.

4. *Posthumous award.*—It is ordained that the Cross may be awarded posthumously.

5. *Gazettement and registration.*—It is ordained that the names of all those persons upon or on account of whom We may be pleased to confer or present the Decoration shall be published in the *London Gazette*, and a Register thereof kept in the Office of Our Principal Secretary of State for War.

6. *Eligibility.*—It is ordained that:—

- (1) Officers, Warrant Officers and subordinate Officers hereinafter referred to as Officers, Chief Petty Officers and Petty Officers hereinafter referred to as Petty Officers, men and boys hereinafter referred to as Seamen, serving in—(a) Our Navy or in ships of any description for the time being under Naval Command; (b) Our Indian Marine Service; (c) Navies or Marine Services of Our Dominions, Colonies, Dependencies or Protectorates; and (d) Our Mercantile Marine whilst serving under Naval, Military or Air Force Authority, or who in the course of their duties may become subject to enemy action;

For every Bar awarded a replica of the Cross in miniature shall be added to the riband when worn alone.

THE ROYAL AIR FORCE BENEVOLENT FUND

(For the help of all ranks in memory of those who died serving)

Telephone :—HOVE 3992

President : H.R.H. THE DUKE OF GLOUCESTER, K.G.

Chairman of Council : The VISCOUNT WAKEFIELD OF HYTHE, G.C.V.O.

**Hon. Treasurer : Air Commodore B. C. H. DREW, C.M.G., C.V.O., C.B.E.
(R.A.F. retired.)**

THE ROYAL AIR FORCE BENEVOLENT FUND was established in October, 1919, to commemorate the work of the Flying Services during the War, 1914–1918.

A Memorial to the Officers and Men who fell in the War was unveiled on the Thames Embankment in 1923 ; a home and school for the sons of deceased Airmen was established at Vanbrugh Castle, Blackheath, in 1921 and with the Wakefield Wing opened in May, 1939, accommodates 67 boys. In 1939 expenditure on relief amounted to £22,919.

The object of the Fund is to assist all ranks, past and present, of the Royal Air Force, and their dependants. It must be prepared to help :—

The disabled, and the dependants of those killed flying.

Other casualties and their dependants.

Sufferers on account of sickness and general distress.

Since the inception of the Fund in 1920, in which year help amounted to £919, expenditure has risen increasingly, and in the twenty years of its existence, a total of £256,784 has been provided on all forms of relief.

The Royal Air Force Benevolent Fund exists for a Service that trains as well as fights in the air, and provides relief for cases arising from casualties in war as well as from flying accidents and ordinary distress in peace. It must therefore be prepared to render help indefinitely.

Moreover the Royal Air Force is growing to tremendous proportions, and it consequently must follow that the demands upon this Fund in years to come will be great.

The Council trust therefore that the Service and general Public will contribute generously and unremittingly to their appeal, and so enable the Fund to continue its increasingly valuable work of the last twenty years.

How to send Help

Cheques, etc., should be made payable to the HON. TREASURER, R.A.F. BENEVOLENT FUND, and sent to him at :—

14, EATON ROAD, HOVE, SUSSEX

and will be gratefully acknowledged direct.

The Association has been established since 1921 to help people of moderate means to provide for the cost of family doctor, surgical operations and dangerous illness.

It helps you to help yourself. It enables you to help others. It allows others to help you.

You desire the best treatment in serious illness for yourself and your dependants—

The best treatment is, however, costly and, if the expense is to be met out of your own resources, the effects may be crippling.

All subscriptions are pooled for the benefit of the Subscribers and the benefits are fully guaranteed.

No Agents are employed and no commissions are paid.

The B.P.A. is not a profit making concern and any surplus realised must be used for the benefit of the Subscribers.

Alternative Schemes at yearly subscriptions from £1. 1. 0.

KITCHENER MEDICAL SERVICES SCHOLARSHIPS

Medical services scholarships are awarded from time to time (a) to the sons of officers and men, or of ex-officers and men, of the Regular Forces or (b) to the sons of officers and men, or of ex-officers and men, of the Reserve and Auxiliary Forces who served in the Great War, for the purpose of assisting them to take a course of study to qualify themselves to practise medicine and surgery with a view to obtaining regular commissions in the Medical Services of the Navy, Army or Air Force.

The scholarships are strictly limited in number and the value of each scholarship (normally within a maximum of £200 a year for six years) is dependent on the financial resources of the candidate's family. The scholarships are granted on the condition that the scholar, on becoming qualified to practise medicine and surgery, will apply at once for a commission in the Medical Branch of the Royal Navy, the Royal Army Medical Corps or the Medical Branch of the Royal Air Force and that, if granted such a commission, he will render not less than five years' actual service on full pay.

Candidates must normally be over 17 and under 20 years of age on the first day of January preceding their applications.

Further details may be obtained on application to:—
